Dear all,

Subject: Post-Doctoral Fellowships and Grants for Academic Visitors

Post-Doctoral Fellowships

The minimum post-doctoral fellowship salary at the Technion is **7,800**₪ per month.

The maximum fellowship amount is **15,000**₪ per month.

The fellowship amount can also be set in euros/dollars, based on the exchange rate at the time of the candidate's application.

I recommend that faculty members set the fellowship amount for post-doctoral researchers in **shekels** to avoid fluctuations in the fellowship amount.

Academic Visitors

The maximum stipend for academic visitors is **25,000**₪ per month.

The salary amount can also be set in euros/dollars, based on the exchange rate at the time of the candidate's application.

Sincerely,

Prof. Naama Brenner
