Re: Technion Fellowships for post-doctoral fellowships in the USA

This document is intended for women and men alike.

To encourage future hiring of faculty members in research areas of high priority, the Technion management announces a new post-doctoral fellowship in USA universities. The fellowship is open to excellent PhD graduates, in and outside the Technion. This year, prioritized research areas include:

1. Food Engineering
2. Aeronautic and Space Engineering
3. Civil Engineering
4. Technology and Engineering Education

The fellowship will consist of \$50,000 for one year, with an option to extend to a second year. Of these, \$40,000 will be granted by the Technion management and the rest by the supporting faculty.

Applicants' files will be submitted by faculty deans and should include:

1. CV with list of publications.
2. Cover letter specifying post-doctoral institute and lab, proposed research summary and details of applicant's future plans. Other sources of financial support should be specified, if any.
3. Letter of recommendation from PhD advisor.
4. Letter of invitation from post-doctoral advisor in the US.
5. Short description of applicant by the dean, including achievements and potential for future hiring as a faculty member after post-doctoral fellowship.

Applications should be submitted as a single PDF file by 30/6/2023 via email to: kayellet@tx.technion.ac.il .

Sincerely,

Ayelet Katalan
